Happy summer all,

I would like to thank Rick Marvel and Derek Biba of Test Gauge for hosting our general meeting at their office and demonstrating their testing lab for the CEU class they offer. They are a new advertiser, with the Illinois Chapter, please support them and all of our sponsors. I also would like to thank those that took the time to join us.

Recently, we had a very productive board meeting. We also have been approved to host 2 different class for CEU by IDPH and are currently planning where to have these classes this coming fall and winter,

Don’t forget about the ASSE Illinois Chapter picnic on August 24 at 11:00 am at Teason Woods at 104th and rt. 83 south east corner. Please send a RSRP to ilchapterasse@gmail.com. We just want to make sure that we have enough gifts for the kids.
Just a short newsletter - see some of the pictures on the next page.

May everyone have a safe and enjoyable 4th of July and Summer.
See you at the picnic in August.

Fraternally yours,

Denis Riordan ASSE Illinois Chapter President

RSVP to: ilchapterasse@gmail.com
50% off new Active member dues!

As a member of ASSE International, you will belong to an organization represented by all disciplines of the plumbing and mechanical industries, forming a platform to receive, understand and solve industry problems relating to standards, codes, contracting, engineering and business. We encourage you to attend local chapter meetings, as well as our national Annual Meetings, get involved in chapter activities and apply for national committee work.

Whether it’s through planning or participating in local chapter activities and meetings, submitting articles to our publications, or volunteering on a committee, your involvement is essential to ASSE International’s success. Now is the time to immerse yourself in your organization.

Please read carefully, fill in all applicable sections and indicate the membership classification for which you are applying. Government applicants must provide proof of employment to be eligible. Please see reverse side for membership classification descriptions, chapters and dues rates. You may also join online at www.assewebstore.com/membership.

MEMBERSHIP CLASSIFICATION DESCRIPTIONS

Active:
Individuals who are active in a plumbing, mechanical or engineering related field.

* Half price new membership only applies to those who are not current or past members of ASSE International. *

Student:
- Registered apprentices in an apprenticeship program duly recognized by state, federal or local laws governing apprenticeship.
- Full time students enrolled in a school, university or college course in either plumbing, plumbing design or engineering.

**There is a maximum time limit of five years for membership as a student.**

Government:
Individuals employed by local, county, state or federal agencies involved in regulating the plumbing and mechanical field. Government employees may join ASSE International with the same privileges of an Active member. To qualify, members may be required to submit written documentation confirming that they are actively employed by a government entity (i.e.: letter from government entity on letterhead, copy of government identification/license, etc.)

Sustaining
Manufacturers of plumbing products and appliances, or others who are affiliated with the plumbing and mechanical field and desire to support the work of the organization. One member or representative of such membership will have privileges of an Active member.

ASSE INTERNATIONAL CHAPTERS AND DUES
Pricing below represents first-year member pricing (50% off new Active member dues). Full rates apply after first year of membership.

A TRUSTED GLOBAL LEADER IN
DIGITAL HOT WATER INNOVATION

The Armstrong Brain
is the world’s first digital recirculating valve!

- Engineered exclusively for recirculating hot-water systems
- Simplifies your hot water system by eliminating the need for compensating system components required with a mechanical thermostatic mixing valve
- Delivers temperature control within 2 degrees
- Communicates with most building automation systems
- Available with Programmable Temperature Alerts
- Also available with a Thermal Disinfection Program
