

ASSE International

Code Development Committee Meeting Agenda

Wednesday, April 15, 2026

3:45pm – 4:15pm (Central)

- 1) Welcome/Introductions – Shank
- 2) Purpose of this Committee
 - a) The Code Development Committee (CDC) is advisory to the ASSE Board of Directors. Its primary purpose is to get ASSE standards adopted into codes. The CDC develops new code language, reviews and responds to proposed changes to national, local, and Canadian codes, provides a venue for public/membership interaction, and provides a member benefit by communicating all code information and updates that involve ASSE standards or affect ASSE International. The primary focus is on the plumbing and mechanical model codes. The committee members shall remain impartial and act in the best interest of ASSE International. CDC members may not represent ASSE without the recommendation of the ASSE Board and prior approval of the IAPMO CEO
