

ASSE International

Infection Control (12000) Technical Committee

Meeting Agenda

Wednesday, April 15, 2026

8:00am – 8:30am (Central)

Purpose of this committee:

Technical Committees are advisory committees that provide technical guidance to the various ASSE professional certification programs. Each committee is made up of subject matter experts from the industries served by that certification program. They review and approve the program guidelines, exam questions, practical exams and equivalent certifications. They may also include subcommittees to review and approve applications for training providers, instructors and proctors.

Committee Members: Joseph Fernandez (Chair), Ilan Aberman, Brian Andersen, Marco Antonacci, Brannon Baxter, Gregory Beck, Chuck Berra, Chris Cheek, Joe Cooper, John Dillard, Matt Freije, Ronald George, Martin Gonzalez, Othon Guillen, Scott Hamilton, Vince Kacaba, James Majerowicz, Kevin McDonough, Joshua McMullen, Jamie McPherson, Andrew Merino, Derek Miles, Jerry Peel, Brian Preski, Tony Ramos, Phil Roach, Tracy Schuster, Dan Shelley, John Sullivan, Donald Summers, Kenneth Tuxford
