### **Meeting Policy Statement**

By their nature, trade associations such as IAPMO/ASSE/ARCSA bring together competitors, and thus are under higher scrutiny for anticompetitive issues. Antitrust laws prohibit agreements or concerted efforts that unreasonably interfere with free and open competition. Penalties for violating antitrust laws can be severe. IAPMO/ASSE/ARCSA complies with antitrust laws and expects all participants in its meetings to do the same.

In this meeting, and outside the meeting as well, discussions of agreements that could restrain competition are prohibited. You may not exchange information concerning individual prices, rates, coverages, market practices, claims settlement practices, or any other competitive aspect of an individual company's operation. Each participant is obligated to speak up immediately for the purpose of preventing any discussion falling outside these bounds.

Your continued attendance at and participation in this meeting constitutes your acknowledgment and acceptance of this Meeting Policy.
