

# ASSE International

## Code Development Committee

### Meeting Agenda

Friday, September 19, 2025

10:00am – 11:00am

*The Code Development Committee (CDC) is advisory to the ASSE Board of Directors. The committee's purpose is to develop new code language, review and respond to proposed changes to the National and Local codes, provide a venue for public/membership interaction, and to provide a member benefit by communicating all code information and updates that involve ASSE standards or affect ASSE International. The committee makes recommendations to the ASSE Board regarding ASSE International's position on the previously stated purposes. The primary focus is on the plumbing and mechanical model codes. The committee members shall remain impartial and act in the best interest of ASSE International. CDC members may not represent ASSE without prior approval of the IAPMO CEO or designee(s).*
